## CREDIT CARD USB FLASH DRIVES, 2GB OR 4GB

**MSRP \$15.99 – \$17.99:** Our credit card style USB flashdrives are one of the thinnest USB cards in the world! Both sides of the USB card can be completely photo printed in vibrant color. The large brand able area will ensure your logo and company information is prominently displayed. USB cards slip neatly into your pocket, wallet or organizer. Available in 2GB or 4GB sizes and we offer free uploads of up to 100 mb of data at no extra charge with your order. This is a great product for customers with large catalogs with extensive part numbers etc. The flash drive reduces the use of paper for catalogs and allows customers to carry around a complete catalog in their wallet still leaving space for their own files!
